Dear Year 12 Families,

The NSW Education Standards Authority (NESA) has confirmed that the 2020 HSC is going ahead. We are pleased that this advice provides reassurance for our Year 12 students and encouragement to keep their focus on learning and work with perseverance.

NESA has advised that they will be giving principals the power to make decisions about HSC formal assessment tasks for their own school in 2020. This will allow the College to make modifications to assessment schedules in a way the best serves our students.

Year 12 teachers have been working hard to ensure continuity of learning for their students. As well as providing for learning in an online environment we also want to continue to care and support students and their families. Please don't hesitate to contact us so that we can best serve the students as they complete this very important year in their education. Well-being structures are in place for students to indicate if they are experiencing any difficulties, but we also welcome your feedback.

NESA's full statement regarding the 2020 HSC can be accessed by clicking [here](#).

College teachers are well prepared to continue building the capacity of students by strengthening their capabilities and equipping them for the HSC and life beyond.

Please contact the College if you have any questions.

Yours in Christ,

Daryl Hinton  
Head of Secondary Years
