

Friday, 20 March 2020

Dear Seed College Families,

Thank you for your willingness to work in partnership with the College in what are somewhat uncertain times.

We are very thankful to our team of Seed Academy tutors who have continued to work with students and grow their ability in a range of music, dance and academic endeavours. Please be aware that whilst the College is open, Seed Academy lessons will continue to occur, unless Tutors notify us otherwise. Tutors have taken additional hygiene measures to ensure the safest, healthiest conditions for your child and themselves during their lesson.

If your child is unable to attend their scheduled lesson, as per our enrolment policy, we do require 7 days notice to rollover the fees of the lesson to another day and schedule a 'make-up' lesson as appropriate. If adequate notice is not able to be provided, we need to respect the time and commitment of the tutors to ensure they are not financially disadvantaged during this unprecedented event. Please ensure you email the College to advise that your child will miss their scheduled lesson with some indication of their expected date of return – seed@nwcc.nsw.edu.au.

We continue to pray for the wellness for all members of our community. If you have any queries regarding your child's Seed Academy lesson, please feel welcome to email and communicate with us regularly.

Kind regards,

Linda Hogan
Director of Seed Academy
